I am directed to convey the Ministry's appreciation on the tremendous contributions you are rendering in developing human resources and various support programs in achieving financial prudence in the state. The efforts are highly commendable.

However, the ministry is appealing for continuous support in all areas of concerns particularly Cash Management Strategy, Direct Link Indicators 3 (DLI 3) and capacity building on how to use Chart of Account so as to fast track progress in implementation and achieving results.

As usual accept the Honourable Commissioners warmest regards.

Yours truly,
